Education

Pratt Institute (Brooklyn, NY)

BID in Industrial Design. Expected graduation: May 2025

Work Experience

Cleveland State University (2023-2025)

Rehabilitation Engineering Research Fellow

Worked independently and on a team. Tasks included project management, design development, design research, academic research, soft prototyping, drape and construction, and constructing final working prototypes to be used in research.

SAFE Project (2020-2021)

Collegiate Recovery Leadership Academy Fellow

Designed mental health first aid kit. Regularly attended webinars and workshops on leadership and impacting recovery.

Lehigh Mountaintop Initiative (2017)

Design Fellowship

Assembled a team of graduate and undergraduate students from differing disciplines to create a series of objects to help people living with mental illness. Researched and developed prototypes, managed a gallery show with the results in Manhattan and at Pratt Institute.

Skills

Pattern making, Draping, Sewing & Construction, Rapid Prototyping, Silicone and plaster mold-making, Laser cutting, Acrylic manipulation, Wood working, Photography, Traditional ceramics (Hand building, wheel throwing, glazing), Molded ceramics (Slip casting, hump molds, slab mold),

Software: Indesign, Illustrator, Photoshop, Solidworks, Rhino, Keyshot, Figma, Basics of Python development

Awards

David Saylor Merit Scholarship for Design (2021)

IDSA Student Merit Award Nominee (2022)

Pratt Institute Emerging Leader Award (2021)

Dean's and President's Lists

Presidential Merit Scholarship
